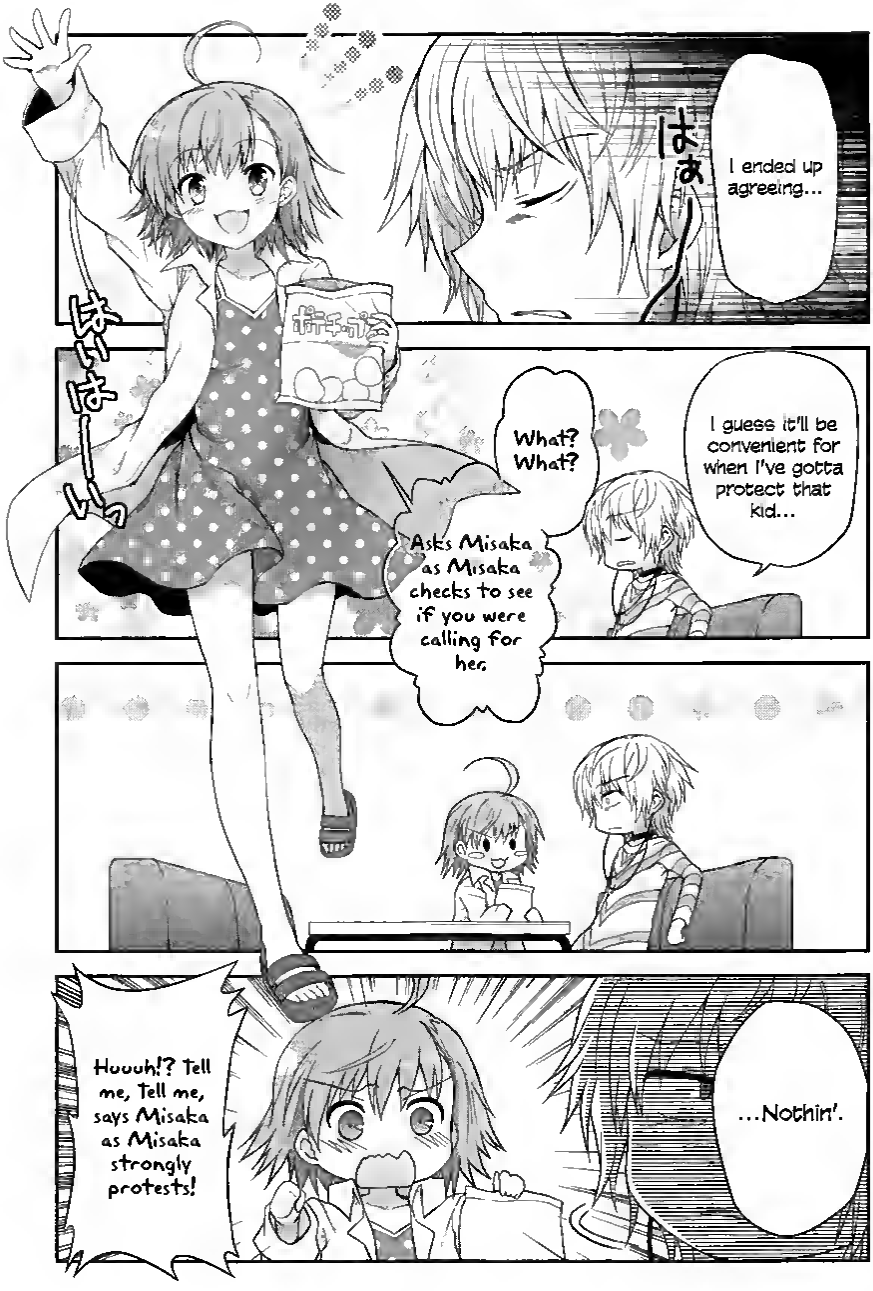
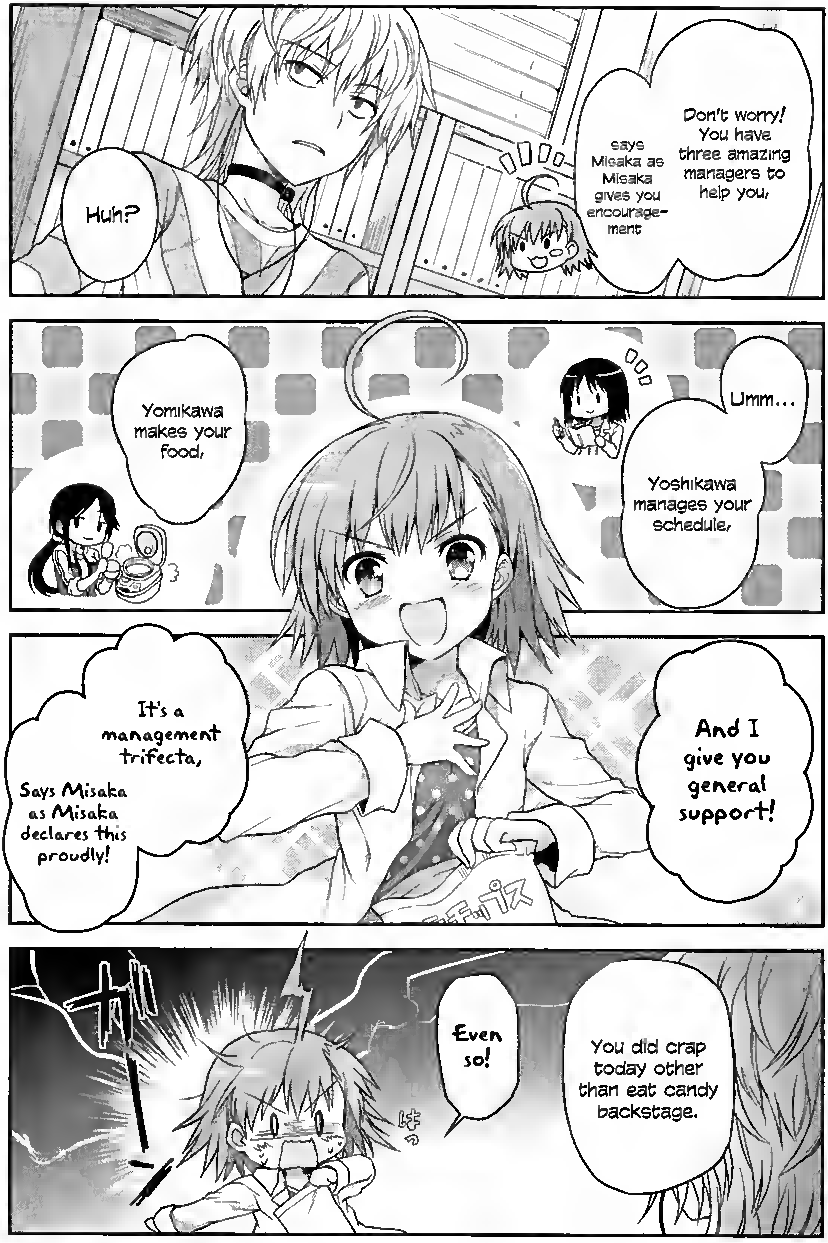
Huh?
Ugh... the hell am I doing this for...
Miracle idolization Project? Sounds retarded.
Besides, what kinda idol walks around with a cane?
...Is that so?
Not happening
And if I start using my powers, the battery'll run out of power right away... No way I could do that.
Wha...!?
What if we told you that in return for participating in the project,
we would modify your collar to increase the amount of time it can remain active for?



はぁ…
I ended up agreeing...
ポテっち茶
おにぃちゃ
I guess it'll be convenient for when I've gotta protect that kid...
What? What?
Asks Misaka as Misaka checks to see if you were calling for her.
Huuuh!? Tell me, Tell me, says Misaka as Misaka strongly protests!
...Nothin'.

You looked so cool when you were singing at the concert,
says Misaka as Misaka praises you nonstop!
You praising me doesn't exactly make me happy.
Well you don't have to be so grumpy about it
You were the most popular out of all the level fives who debuted,
which makes you the strongest.
Look, look! Your debut single has the strongest sales in history,
says Misaka as Misaka shows you proof!
ばばーん!!
Well, obviously.
So easy...

But you can't slack off now.
The other Level Fives are still incredibly powerful.
Huh?
The number two, who uses Dark Matter to make a flashy entrance on stage that you just can't say no to,
Teitoku Kakine.
He's gotten so many fans that people are calling them the Kakine Empire.
The number three, Mikoto Misaka, aka the Railgun.
She wears a costume no ordinary girl would ever dream of wearing
and keeps unruly fans in order with her electricity,
gaining her a reputation as an idol who follows no one's rules but her own.
And the rest...
Awesome, empire, rule-breaking...
Are all the Level Fives like that?



Huh?
says Misaka as Misaka gives you encouragement
Don't worry! You have three amazing managers to help you.
Umm...
Yoshikawa manages your schedule.
Yomikawa makes your food.
And I give you general support!
It's a management trifecta,
Says Misaka as Misaka declares this proudly!
You did crap today other than eat candy backstage.
Even so!
ぼっ

Next up is a secret fan meeting.
There were ten thousand tickets and we sold out, so there's gonna be a ton of fans there.
カチャ
A ton of fans...
Well, I guess having all those people lookin' up to me ain't so bad.
!?
They don't look excited at all...
KYAAAAAAAH!!
(KONCHIKI)

Encore! Encore!
Damn... I'm beat.
Everyone's calling for you,
says Misaka as Misaka gazes at you with hope in her eyes!
...Sheesh, like I'm gonna go back out for such a half-assed call.
STRON-GEST! STRON-GEST! STRON-GEST! STRON-GEST!
You makin' fun of me!?

You did a great job, says Misaka as Misaka sympathizes with you.
Now I'm *really* beat...
And you got so many new fans,
says Misaka as Misaka holds her head high up with pride!
But
Nothin' for you to be proud of
C'mon, we gotta go buy some stuff for Yomikawa.
?
I won't give up the title of your number one fan,
Says Misaka as Misaka secretly mutters to herself

Alright.
I've successfully infiltrated Academy City
I should gather information and figure out what to do next...
Idols...?
Are those trendy here now?
THE LEVEL-FIVE'S ARE IDOLS!?
That's so stupid.
!?
That's...
so stupid...
